

# Medidata Rave Q&A

IMPAACT Network Meetings

June 2016

# eLearning & Study Invitations

- ▶ DMC User Support consulted with sites regarding which site staff need accounts
  - ▶ Begin with sites participating in initial studies
  - ▶ Consult with CRS Leader/CRS Coordinator
- ▶ Receive invitation for iMedidata
  - ▶ Access to eLearning and account information
- ▶ Receive invitation for study in iMedidata
  - ▶ Email notification sent with each study invitation
  - ▶ Access **only** to the studies in which the site participates
  - ▶ Additional eLearning may be required

# Homepage

The screenshot shows the homepage of the ACTG IMPACT system. At the top left, the ACTG (AIDS Clinical Trials Group) and IMPACT (International Maternal Pediatric Adolescent AIDS Clinical Trials Network) logos are displayed. Below the logos is a navigation bar with a 'Home' button. On the left side, there is a sidebar with two sections: 'Installed Modules' and 'Last 10 subjects:'. The 'Installed Modules' section lists 'Reporter', 'PDF Generator', and 'Query Management'. The 'Last 10 subjects:' section lists several subjects with their status icons: 'New Subject DEV', 'TRN0002 TRN', 'TRN0003 TRN', '14550 Prod', 'TRN0001 TRN', 'TRN0008 TRN', and 'TRN0004 TRN'. The main content area features a 'Study' search bar with a magnifying glass icon. Below the search bar is a table titled 'Studies' with three rows: 'A5350', 'P1115', and 'A5322'. At the bottom of the main content area, there is a progress indicator showing a transition from 'Never Touched' (represented by a grey sphere) to 'Complete' (represented by a green checkmark in a circle).

## Home Page

- Studies are independent of each other
- Select study first

Never Touched

Complete
