The Data Management Center Virtual Learning Room

The Data Management Center's Virtual Learning Room has replaced the Training Pages on the Frontier Science Portal.

The new link is available under the *Site Support* category of the ACTG and IMPAACT Portal pages, offers a redesigned format, on-demand self-guided courses for independent learning, and many training resources to assist clinical sites.

DMC Virtual Learning Room: Courses

The *Courses* page provides access to quick self-guided courses organized by topic. Each course provides access to all available resources for that topic, including training presentations, videos, and any related documents. Successful completion of the included quiz provides the user with a certificate.

Employee Spotlight

VOLUME 35, ISSUE 1
FEBRUARY 2024

Page 4

Elizabeth (Liz) Siciliano began working as an ACTG Protocol Data Manager at Frontier Science in 2022. She holds a Bachelor of Science in Biomedical Science from Rochester Institute of Technology and a Master of Public Health from the University at Buffalo.

Liz works as a protocol data manager for several ACTG projects, including A5355, A5356, A5403, A5414, and A5418. She also serves as the Data Management Center representative on the Protocol Development Implementation

Subcommittee (PDISC). Her favorite part of working for Frontier Science is getting to participate in research that is advancing the healthcare field and improving the lives of people all around the world. Liz was born and raised in Rochester, New York. Outside of work, Liz enjoys reading, knitting, and spending time with her dog, Finnick.

Remote Source Review

Medidata Remote Source Review has been updated to include a regulatory visit to facilitate the upload of regulatory documents. The regulatory visit may be accessed under the study-level subject ID (e.g. 1234 – Study Documents folder where 1234 is the site number) for each site under the study of interest.

In addition, for studies implemented after September 1, 2023, a pharmacy visit will automatically be available under the study level subject ID at the top of the visit list on the right side of the screen.

An updated FAQ is available on the Frontier Science Portal under Medidata Rave Resources for reference.
